

# Feeling Overwhelmed With Going Green?

**Are you uncomfortably behind in creating your green plan?**  
Well, you've got a lot of company.  
But it doesn't have to be that way.

**Introducing...**

***“The Green GPS - The Printer's Step-By-Step Guide to a Green and Sustainable Future”.***

This guide streamlines your efforts to create a plan, execute it and get the most from it. The guide focuses owners and top managers on the critical steps necessary to learn about this subject, evaluate the impact on your business, and create a strategic and marketing plan aimed at implementing your green/sustainable journey.
